Solar PV [Individual] Quota

- Quota available for 2016 = 15MW
- Quota set aside for 2017 = 15MW
- Total qualified EOI applications = 4425 applications
- Total Installed Capacity requested = 40.7218 MW
- To distribute the Solar PV [Individual] Quota fairly, unbiased and transparent to all applications :

Option 1	ViPs manually drawing 4425 Entry IDs in an Open Balloting session
Option 2	Computer to randomly allocate Quota to whichever EOI applications the system chooses

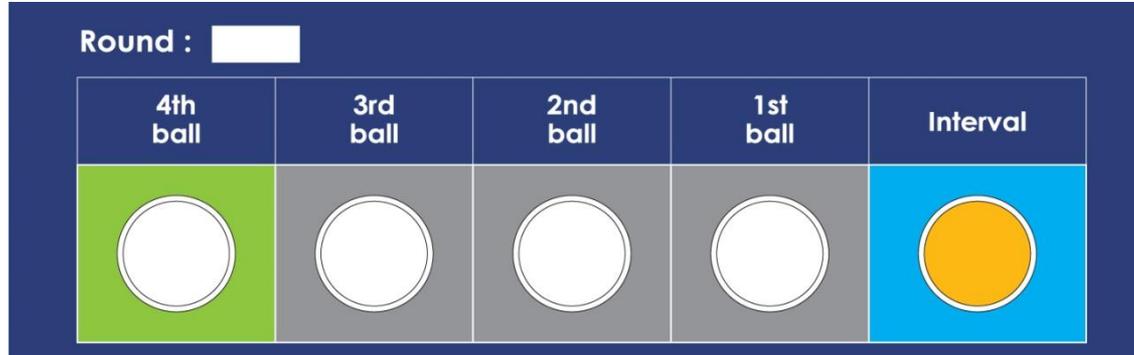

e-Balloting System

- This e-Balloting system have been specially designed and developed to dish out Queue Nos. for allocation of Solar PV [Individual] Quota.
- All the qualified EOI applications will be processed by this e-Balloting system and Queue Nos. will be assigned for each and every entry based on the Entry IDs; drawn by VIPs.
- Thereafter, Solar PV [Individual] Quota will then be allocated to these EOI applications in sequence of the Queue Nos. until all available Quota are taken up.
- Then the remaining EOI applications will be kept; waiting in a queue and be allocated quota as and when there is any refusal, withdrawn or next release of Quota
