

# Renewable Energy & Energy Efficiency Trainings

## Training on Energy Efficiency

- 1 Energy Management In Building
- 2 Energy Efficient Management In Air-Conditioning and Mechanical Ventilation (ACMV) System
- 3 Principal and Application in Compliance to MS1525
- 4 Energy Audit in Building
- 5 Facilitation on Sustainable Low Carbon Building Programme
- 6 Operation & Maintenance of Biogas Power Plant Course

## Training on Renewable Energy

- 1 Grid-Connected Photovoltaic (GCPV) Systems Design Course
- 2 Grid-Connected Photovoltaic (GCPV) Systems Course for Wireman & Chargeman
- 3 Grid-Connected Photovoltaic (GCPV) Installation and Maintenance Course
- 4 Introduction to Grid-Connected Photovoltaic (GCPV) Systems Design for Non-Engineers
- 5 Off-Grid Photovoltaic (OGPV) Systems Design Course
